

300+

Website and digital customers serviced in 2019.

“ Exchange Media Group has built, designed and maintained websites for several of our restaurants. They also provide reputation management services for our restaurants. Exchange Media Group’s team members are extremely skilled and their customer service is exceptional. Their company-wide commitment to the customer makes it a pleasure to do business. I unhesitatingly recommend Exchange Media Group.

Our Story

It has always been a vision of David Prescott's to have a restaurant with a tie-in to Sundrop. In spring 2018, that vision has become a reality with the opening of the Sundrop Shoppe & Luncheonette.

We have created an authentic reproduction of a turn of the century drugstore with a full soda fountain and lunch menu. We are excited to continue being a part of the downtown community while expanding our presence in the area.

Not sure what to put on your site? We can help.

✔ Content creation is included!

Websites without content will not rank in the top Google search results. Our team of Google-certified writers will fill your website with content your customers are looking for, so you can rank on the first page.

Don't have professional images to use?

✔ Professional photography is included!

We offer professional photography in all website packages to guarantee the images on your website match the professional quality of your business.

WEBSITE DESIGN

Is your business invisible online?

- ✔ Don't have a website?
- ✔ Not happy with you current site?
- ✔ Not sure if people can find you?

Potential customers are searching for you every day.

A professional and effective website allows you to answer your customers' questions. When they have a need, where is the first and last place they go? Your website. Be there and be the answer when they need you.

CUSTOMER SERVICE

Technology changes, but we'll always have your back. Our in-house customer service team goes through continuous training to keep your website up-to-date.

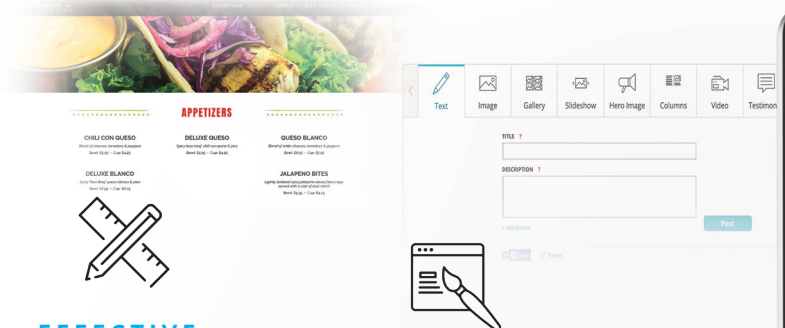

SEARCH ENGINE OPTIMIZED

There are more than 1.5 billion websites, but only 10 can rank on the first page of search results. Our Google-certified team members can help you rank on the first page.

89%

of customers use the internet to research products and services before making a purchase. Can they find your products and services on your website?

EFFECTIVE WEBSITE DESIGN

Customers leave websites that are unattractive, poorly designed, and don't answer their questions. Our professional designers will create a website that makes your customers want to buy from you.

EASY TO EDIT

You're able to make quick and easy content changes from your personal login without knowing any programming language. Don't have enough time? Our customer service team will do it for you.

RESPONSIVE

Customers use desktops, laptops, tablets, and mobile devices. We create your website to format for any screen.

SECURE

All our websites come with an SSL certificate. That means website communications and customer transactions are secure.

REAL-TIME STATS

We apply software to your website to give you real-time analytics. The analytics will show you how visitors use your website.

Is your website outdated, unsecure, and missing from search results?

We understand that running a business and keeping a website up to date can be stressful and time-consuming. We hear that from new clients every day. We're here to help.

Website creation is complicated. We take the stress and frustration off of you. Our professional designers and writers are trained to use the latest best practices on every page.

Your business website should illustrate who you are. For new customers, your website serves as an introduction. For returning customers, it is a reminder of the value your business offers.
